

Kunjai Agrawal

Davis, California | (530) 979-6356 | kmagrawal@ucdavis.edu | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

Education

University of California, Davis

Davis, CA, USA

Master of Science in Computer Science, GPA: **4.0/4.0**

Sept 2024 - Jun 2026

Coursework: Distributed Database Systems, Machine Learning and Discovery, Software Engineering

Vishwakarma Institute of Technology, Pune

Pune, MH, India

Bachelor of Technology in Information Technology, CGPA: **9.23/10.0**

Jul 2020 - May 2024

Coursework: Data Structures, Artificial Intelligence, Databases, Web Technologies, Operating System

Experience

Software Engineer Intern

Jul 2023 – Dec 2023

HSBC Technology India | Vert.x, JUnit, Oracle, Grafana, GitHub, JIRA, React.js, Typescript

Pune, India

- Designed and implemented **REST APIs** using Java and Vert.x, **reducing system latency by 25%** through efficient **asynchronous processing** and optimized endpoints.
- Revamped the EzyOps's (HSBC's flagship application) website by developing end-to-end front-end components, leading to a **50% increase** in user adoption (tracked via logins and task completion metrics) within **one month**.
- Reduced **deployment time by 30%** through the development and optimization of **CI/CD** pipelines using **Jenkins**, thereby **increasing delivery speed** and **product release frequency**.
- Performed optimization and troubleshooting on 10,000+ records in Oracle, **enhancing query performance by 40%**.

Research Assistant

Jan 2023 – Aug 2023

Vishwakarma Institute of Technology, Pune | Python, DBSCAN, Normalization

Pune, India

- Spearheaded the development of two novel clustering methods (weighted and unweighted) using Python with an **accuracy of 88%** outperforming the traditional methods.
- Implemented **data normalization** and **model optimization strategies**, resulting in a **25% increase** in **model convergence speed**, facilitating more timely and accurate results for **research applications**.

Projects

ExpRes: Decentralized Social Media Platform | [Link](#)

Oct 2024 - Dec 2024

Technology Stack : React.js, GraphQL, ResilientDB, FastAPI, Python

- Spearheaded the development of a blockchain-based social media platform using React.js, enhancing user interaction.
- Engineered **8+ secure APIs** using FastAPI and MongoDB, enabling core features such as message reporting, and real-time communication, ensuring a **99% uptime** and fault tolerance with ResilientDB
- Acknowledged as one of the best projects for its innovation and execution in the department.

SmartBank: Automated Banking with Speech-to-text integration | [Link](#)

Jan 2023 - Apr 2023

Technology Stack : PHP, MySQL, JavaScript

- Architected a full-stack automated banking system using PHP and MySQL, streamlining customer transactions and enhancing accessibility through a simplified layout, clear call-to-action buttons, and optimized navigation.
- Enabled seamless voice-driven interactions using **Web Speech API**, reducing wait times and improving user experience by automation.

MedEase : JAVA-based Hospital Management System | [Link](#)

Jul 2021 - Dec 2021

Technology Stack : JAVA, JavaFX, MySQL

- Led the development of a Java-based application, implementing features like appointment scheduling, doctor availability, and test booking, **reducing scheduling time** significantly and increasing patient satisfaction.
- Integrated JavaFX for responsive UI and optimized SQL queries for 1,000+ records, reducing query latency by **30%**.

Technical Skills

Programming Languages and Databases: Java, C, C++, R, Python, MySQL, Oracle, MongoDB

Full Stack: Typescript, React.js, Bootstrap, HTML, CSS, JavaScript, PHP, REST API, GraphQL, Node.js, Figma

Frameworks and Libraries: JavaFX, JUnit, Vert.x, Apache Spark, TensorFlow, PyTorch, Keras, OpenCV, FastAPI

Developer Tools: JIRA, Confluence, Jenkins, GIT, Docker, MS Office, Power BI, Tableau, Grafana

Methodologies: Agile, Scrum, CI/CD, Test-Driven Development (TDD), SDLC

Leadership and Achievements

- HSBC** : Mentored newly joined employees, assisting with system setup and project onboarding.
- LinkedIn Learning Ambassador, LinkedIn** : Selected as one of the top 5 students by LinkedIn. – [Link](#)
- Student Representative, Board of Studies**, Vishwakarma Institute of Technology, Pune – [Link](#)
